

GREENLIGHT gives you 100% certainty in illness cover

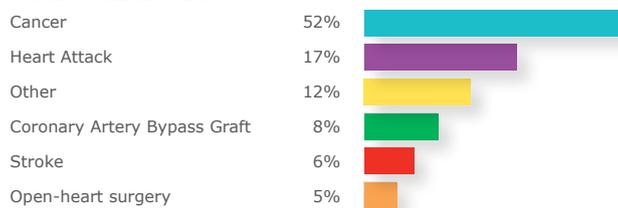

Some of life's uncertainties can have a dramatic impact on you and your lifestyle. Consider how severe illnesses such as heart attacks, strokes and cancer happen without discrimination - think of the after-effects.

To help you prepare for life changing events such as these, **GREENLIGHT** provides a choice of illness benefits: core, comprehensive and extensive illness cover. These benefits provide cover for specified severe illnesses by paying a lump sum in the event of diagnosis or occurrence of such illnesses defined in the terms and conditions.

Life doesn't wait until you're ready for it

CAUSES OF ILLNESS CLAIMS

- 1 in 3 men and 1 in 4 women will suffer from a stroke or heart attack before age 60
- 1 in 7 women will get cancer

These are benefits for the living:

80% of heart attack and 70% of stroke patients survive. 50% of cancer sufferers are alive 5 years after diagnosis and for those with breast cancer, 97% are alive 5 years after diagnosis. The lifestyle of those suffering a severe illness is radically impacted. Following a heart attack, 45% of patients are found to suffer from depression - 18% are in fact severely depressed. Depression strikes about 25% of all cancer patients (compared with almost 10% of the general public), and the damage to healthy cells these patients also suffer can lead to complications.

Why choose **GREENLIGHT** severe illness cover?

- You know you'll be paid what you expect - no excuses. **GREENLIGHT** pays 100% for ALL four major diseases - heart attack, stroke, cancer, and coronary artery bypass surgery - at all four of the industry-standard severity levels defined, from mild to extreme.
 - 50% of heart attacks are mild/minor
 - 40% of strokes result in mild damage
 - 60% of cancers are stage 1
 - **GREENLIGHT** pays a 100% benefit in all the above cases where severity based products will pay significantly less.
- If you choose stand-alone illness cover, you automatically have access to **GREENLIGHT's** Multiple Claims feature. On claim, your cover will re-instate back to 100% for unrelated illnesses. In this way, you may be able to put in another 100% claim for say, cancer if you have already suffered a heart attack and been paid your full cover amount. **GREENLIGHT** has re-instated R322 million worth of cover for customers who have already suffered an illness and been paid their full cover.
- Simple, understandable language, with a minimum of medical jargon.
- You can access cover for a very comprehensive range of severe illnesses, including blindness and trauma.
- The LifeQuality event will cover you if you need help with or can't do day-to-day chores such as washing and dressing yourself, no matter why. You'll need to score using our LifeQuality scale and you'll find that **GREENLIGHT** covers you very generously and simply for exactly that: your life quality.
- **GREENLIGHT** will treat you 100% fairly: if one of the four major illnesses must be excluded from your cover after assessing you medically, we will reduce your premium to fairly reflect your reduced cover.
- Children can be covered too.
- **Free access to GREENLIGHT CARE 4U - 75 ways to help you, 24/7, 1 number to call - 0860 61 62 63.**
